Important Information from the CSP for Students & Associate Members Applying for Professional Liability Insurance in Respect of Sports Massage

The CSP understands that many physiotherapy students undertake sports massage courses, and seek both paid and unpaid work in sports massage during the period of their pre-registration physiotherapy programme. The CSP has brokered a separate, additional insurance policy for student and Associate Members to provide cover for their sports massage activity.

Sports massage as an autonomous activity is not covered under the main CSP PLI scheme for physiotherapy student or Associate Members. This is because the fundamental requirement of the main CSP PLI scheme is that a physiotherapy student or Associate Member **always** works under the supervision of a registered healthcare professional and is not permitted to undertake any autonomous or unsupervised practice.

The separate sports massage policy for CSP student and Associate members does not cover any physiotherapy activities. The policy is entirely unrelated and separate from the main CSP PLI scheme.

Student members who choose to undertake sports massage (as a paid or unpaid activity) outside of their physiotherapy degree programme **must** abide by what is set out below. Failure to do so could result in the withdrawal of their CSP student membership, and possible disciplinary action by the higher education institution at which they are enrolled. Whilst the Health and Care Professions Council (HCPC) does not regulate physiotherapy students, it does have powers to act against anyone perceived to be using a protected title inappropriately.

Important Information from the CSP for Students & Associate Members Applying for Professional Liability Insurance in Respect of Sports Massage (continued)

- When practising sports massage as an independent autonomous activity, physiotherapy students or Associate Members must not mislead their clients to believe that they are a qualified physiotherapist. To do so would be unlawful. This includes being clear that they are not undertaking this activity either as a physiotherapy student or practising within a limited scope of physiotherapy practice prior to full registration, i.e., they must not refer to themselves as a student physiotherapist. Sports massage in this context is a separate activity, for which physiotherapy students and Associate Members may choose to gain a qualification if they wish.
- Obtaining a sports massage qualification is not linked to partial completion of a pre-registration physiotherapy programme, and does not confer any right to practise physiotherapy.

In order to be able to be eligible to obtain sports massage PLI via Graybrooks www.graybrook.co.uk/csp-sports-massage the Society's insurance broker, individuals must meet the following criteria:

1. Hold current student or Associate membership of the CSP
2. Hold a Level 3 (or higher) qualification in Sports Massage from a Sports Massage Association-accredited school, **or** Level 3 (or higher) Sports Massage Therapy certificate from an endorsed course offered by Vocational Training Charitable Trust (VTCT), International Therapy Examination Council (ITEC) or Confederation of International Beauty Therapy and Cosmetology (CIBTAC). No other qualifications are acceptable.
3. Retain their sports massage qualification certificate as proof of eligibility for the scheme

Overview of Insurance Cover

The Chartered Society of Physiotherapy (CSP) has made available a Medical and Professional Liability policy through Graybrook Insurance Brokers, for CSP students and Associate Members qualified to practice Sports Massage and comprises:-

- **Medical Professional Liability insurance provided by MPLC Limited**
- **Public/Product Liability insurance provided by Travelers Insurance Co. Limited**

The cover is available on individual application to any student or Associate Member retaining CSP membership and qualified to practice Sports Massage (see page 9 for qualifying criteria).

Students and Associate members are warned that it is illegal to imply that any activity insured by this policy however, is undertaken as a Physiotherapist, until the student has qualified as a Physiotherapist and registered with HCPC. Failure to comply will invalidate this cover and CSP membership.

On qualification as a physiotherapist full CSP membership should be maintained to ensure cover is continued under the PLI programme provided by the CSP as part of membership benefits, for all activities undertaken within the scope of physiotherapy practice.

Introduction (continued)

This summary is not intended to be exhaustive and does not in any way alter the terms and conditions of the Medical Professional Liability or Public Liability policies. In the event of conflict, the terms and conditions of these policies will take precedence over this summary. Members are strongly advised to ensure the cover provided is adequate and appropriate for their professional requirements, and to either exercise any additional options including top-ups to the limits of indemnity provided, or purchase supplementary insurance for additional covers not catered for under the scheme.

Medical Professional Liability Insurance

Financial Conduct Authority:

Graybrook Insurance Brokers Limited is authorised and regulated by the Financial Conduct Authority (FCA). Members can check this on the FCA's Register by visiting <https://register.fca.org.uk/> or by contacting the FCA on 0800 111 6768.

Sports Massage Claims Reporting

Initial Notification

Members becoming aware of any circumstances that could lead to a claim under this policy, or who receive details of any potential claim, or receive notification of any formal claim must immediately notify the CSP's insurance brokers at the address shown on page 17.

A claims notification guide will be issued to Members with a claim form which should be completed and returned to Graybrook Insurance Brokers within seven days of receipt, together with any other relevant information including copies of all correspondence and details of the complaint or allegations being made. On validation of CSP student membership, the claim will be passed to the insurers or solicitors appointed to act on their behalf.

Important Notes for Claims Procedures and Record Keeping

- Members are obliged to provide all information, documentation and assistance that may be required to investigate any claim against them and to assist insurers in the defence of any claim.
- Members must retain all medical records for a reasonable period after completion of any treatment. The minimum period for which members must retain records is **six years** after completion of any treatments, or in the case of treatment of minors, **six years** from their 18th birthday. Members must maintain medical records for longer periods if it is considered reasonable to do so, or where required by law.
- Members must not admit liability without the written consent of the insurers or solicitors acting on their behalf, nor by way of an act or omission do anything which may compromise the insurer's ability to defend a claim, nor make any payment or incur costs or expenses which are not authorised by the insurer.

Important Notes for Claims and Records (continued)

- Any claims, incidents or circumstances not promptly reported could fall outside the permitted time scales for registering claims, and Members failing to comply with the policy conditions may risk invalidating the policy cover.

Potential claims should be notified in the first instance to:-

Graybrook Insurance Brokers Limited
8 Chandlers Way,
South Woodham Ferrers,
ESSEX CM3 5TB

Tel: 01245 321185
Fax: 01245 322240
Email: enquiry@graybrook.co.uk
